

**DISCLOSURE REGARDING
REAL ESTATE AGENCY RELATIONSHIP**
(Listing Firm to Seller)
(As required by the Civil Code)
(C.A.R. Form AD, Revised 11/09)

When you enter into a discussion with a real estate agent regarding a real estate transaction, you should from the outset understand what type of agency relationship or representation you wish to have with the agent in the transaction.

SELLER'S AGENT

A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or a subagent of that agent has the following affirmative obligations:

To the Seller: A Fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Seller.

To the Buyer and the Seller:

- (a) Diligent exercise of reasonable skill and care in performance of the agent's duties.
- (b) A duty of honest and fair dealing and good faith.
- (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties. An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

BUYER'S AGENT

A selling agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations:

To the Buyer: A fiduciary duty of utmost care, integrity, honesty and loyalty in dealings with the Buyer.

To the Buyer and the Seller:

- (a) Diligent exercise of reasonable skill and care in performance of the agent's duties.
- (b) A duty of honest and fair dealing and good faith.
- (c) A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the parties.

An agent is not obligated to reveal to either party any confidential information obtained from the other party that does not involve the affirmative duties set forth above.

AGENT REPRESENTING BOTH SELLER AND BUYER

A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer.

In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer:

- (a) A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either the Seller or the Buyer.
- (b) Other duties to the Seller and the Buyer as stated above in their respective sections.

In representing both Seller and Buyer, the agent may not, without the express permission of the respective party, disclose to the other party that the Seller will accept a price less than the listing price or that the Buyer will pay a price greater than the price offered.

The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect his or her own interests. You should carefully read all agreements to assure that they adequately express your understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional.

Throughout your real property transaction you may receive more than one disclosure form, depending upon the number of agents assisting in the transaction. The law requires each agent with whom you have more than a casual relationship to present you with this disclosure form. You should read its contents each time it is presented to you, considering the relationship between you and the real estate agent in your specific transaction.

This disclosure form includes the provisions of Sections 2079.13 to 2079.24, inclusive, of the Civil Code set forth on page 2. Read it carefully. I/WE ACKNOWLEDGE RECEIPT OF A COPY OF THIS DISCLOSURE AND THE PORTIONS OF THE CIVIL CODE PRINTED ON THE BACK (OR A SEPARATE PAGE).

CIVIL CODE SECTIONS 2079.13 THROUGH 2079.24 (2079.16 APPEARS ON THE FRONT)

2079.13 As used in Sections 2079.14 to 2079.24, inclusive, the following terms have the following meanings:

(a) "Agent" means a person acting under provisions of title 9 (commencing with Section 2295) in a real property transaction, and includes a person who is licensed as a real estate broker under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code, and under whose license a listing is executed or an offer to purchase is obtained. (b) "Associate licensee" means a person who is licensed as a real estate broker or salesperson under Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code and who is either licensed under a broker or has entered into a written contract with a broker to act as the broker's agent in connection with acts requiring a real estate license and to function under the broker's supervision in the capacity of an associate licensee. The agent in the real property transaction bears responsibility for his or her associate licensees who perform as agents of the agent. When an associate licensee owes a duty to any principal, or to any buyer or seller who is not a principal, in a real property transaction, that duty is equivalent to the duty owed to that party by the broker for whom the associate licensee functions. (c) "Buyer" means a transferee in a real property transaction, and includes a person who executes an offer to purchase real property from a seller through an agent, or who seeks the services of an agent in more than a casual, transitory, or preliminary manner, with the object of entering into a real property transaction. "Buyer" includes vendee or lessee. (d) "Dual agent" means an agent acting, either directly or through an associate licensee, as agent for both the seller and the buyer in a real property transaction. (e) "Listing agreement" means a contract between an owner of real property and an agent, by which the agent has been authorized to sell the real property or to find or obtain a buyer. (f) "Listing agent" means a person who has obtained a listing of real property to act as an agent for compensation. (g) "Listing price" is the amount expressed in dollars specified in the listing for which the seller is willing to sell the real property through the listing agent. (h) "Offering price" is the amount expressed in dollars specified in an offer to purchase for which the buyer is willing to buy the real property. (i) "Offer to purchase" means a written contract executed by a buyer acting through a selling agent which becomes the contract for the sale of the real property upon acceptance by the seller. (j) "Real property" means any estate specified by subdivision (1) or (2) of Section 761 in property which constitutes or is improved with one to four dwelling units, any leasehold in this type of property exceeding one year's duration, and mobile homes, when offered for sale or sold through an agent pursuant to the authority contained in Section 10131.6 of the Business and Professions Code. (k) "Real property transaction" means a transaction for the sale of real property in which an agent is employed by one or more of the principals to act in that transaction, and includes a listing or an offer to purchase. (l) "Sell," "sale," or "sold" refers to a transaction for the transfer of real property from the seller to the buyer, and includes exchanges of real property between the seller and buyer, transactions for the creation of a real property sales contract within the meaning of Section 2985, and transactions for the creation of a leasehold exceeding one year's duration. (m) "Seller" means the transferor in a real property transaction, and includes an owner who lists real property with an agent, whether or not a transfer results, or who receives an offer to purchase real property of which he or she is the owner from an agent on behalf of another. "Seller" includes both a vendor and a lessor. (n) "Selling agent" means a listing agent who acts alone, or an agent who acts in cooperation with a listing agent, and who sells or finds and obtains a buyer for the real property, or an agent who locates property for a buyer or who finds a buyer for a property for which no listing exists and presents an offer to purchase to the seller. (o) "Subagent" means a person to whom an agent delegates agency powers as provided in Article 5 (commencing with Section 2349) of Chapter 1 of Title 9. However, "subagent" does not include an associate licensee who is acting under the supervision of an agent in a real property transaction.

2079.14 Listing agents and selling agents shall provide the seller and buyer in a real property transaction with a copy of the disclosure form specified in Section 2079.16, and, except as provided in subdivision (c), shall obtain a signed acknowledgement of receipt from that seller or buyer, except as provided in this section or Section 2079.15, as follows: (a) The listing agent, if any, shall provide the disclosure form to the seller prior to entering into the listing agreement. (b) The selling agent shall provide the disclosure form to the seller as soon as practicable prior to presenting the seller with an offer to purchase, unless the selling agent previously provided the seller with a copy of the disclosure form pursuant to subdivision (a). (c) Where the selling agent does not deal on a face-to-face basis with the seller, the disclosure form prepared by the selling agent may be furnished to the seller (and acknowledgement of receipt obtained for the selling agent from the seller) by the listing agent, or the selling agent may deliver the disclosure form by certified mail addressed to the seller at his or her last known address, in which case no signed acknowledgement of receipt is required. (d) The selling agent shall provide the disclosure form to the buyer as soon as practicable prior to execution of the buyer's offer to purchase, except that if the offer to purchase is not prepared by the selling agent, the selling agent shall present the disclosure form to the buyer not later than the next business day after the selling agent receives the offer to purchase from the buyer.

2079.15 In any circumstance in which the seller or buyer refuses to sign an acknowledgement of receipt pursuant to Section 2079.14, the agent, or an associate licensee acting for an agent, shall set forth, sign, and date a written declaration of the facts of the refusal.

2079.16 Reproduced on Page 1 of this AD form.

2079.17 (a) As soon as practicable, the selling agent shall disclose to the buyer and seller whether the selling agent is acting in the real property transaction exclusively as the buyer's agent, exclusively as the seller's agent, or as a dual agent representing both the buyer and the seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller, the buyer, and the selling agent prior to or coincident with execution of that contract by the buyer and the seller, respectively. (b) As soon as practicable, the listing agent shall disclose to the seller whether the listing agent is acting in the real property transaction exclusively as the seller's agent, or as a dual agent representing both the buyer and seller. This relationship shall be confirmed in the contract to purchase and sell real property or in a separate writing executed or acknowledged by the seller and the listing agent prior to or coincident with the execution of that contract by the seller.

(c) The confirmation required by subdivisions (a) and (b) shall be in the following form.

(DO NOT COMPLETE, SAMPLE ONLY) _____ is the agent of (check one): the seller exclusively; or both the buyer and seller.
(Name of Listing Agent)

(DO NOT COMPLETE, SAMPLE ONLY) _____ is the agent of (check one): the buyer exclusively; or the seller exclusively; or both the buyer and seller.
(Name of Selling Agent if not the same as the Listing Agent)

(d) The disclosures and confirmation required by this section shall be in addition to the disclosure required by Section 2079.14.

2079.18 No selling agent in a real property transaction may act as an agent for the buyer only, when the selling agent is also acting as the listing agent in the transaction.

2079.19 The payment of compensation or the obligation to pay compensation to an agent by the seller or buyer is not necessarily determinative of a particular agency relationship between an agent and the seller or buyer. A listing agent and a selling agent may agree to share any compensation or any commission paid, or any right to any compensation or commission for which an obligation arises as the result of a real estate transaction, and the terms of any such agreement shall not necessarily be determinative of a particular relationship.

2079.20 Nothing in this article prevents an agent from selecting, as a condition of the agent's employment, a specific form of agency relationship not specifically prohibited by this article if the requirements of Section 2079.14 and Section 2079.17 are complied with.

2079.21 A dual agent shall not disclose to the buyer that the seller is willing to sell the property at a price less than the listing price, without the express written consent of the seller. A dual agent shall not disclose to the seller that the buyer is willing to pay a price greater than the offering price, without the express written consent of the buyer. This section does not alter in any way the duty or responsibility of a dual agent to any principal with respect to confidential information other than price.

2079.22 Nothing in this article precludes a listing agent from also being a selling agent, and the combination of these functions in one agent does not, of itself, make that agent a dual agent.

2079.23 A contract between the principal and agent may be modified or altered to change the agency relationship at any time before the performance of the act which is the object of the agency with the written consent of the parties to the agency relationship.

2079.24 Nothing in this article shall be construed to either diminish the duty of disclosure owed buyers and sellers by agents and their associate licensees, subagents, and employees or to relieve agents and their associate licensees, subagents, and employees from liability for their conduct in connection with acts governed by this article or for any breach of a fiduciary duty or a duty of disclosure.

Seller of the above Property has requested that Maxreal ("Broker") require brokers, agents, prospective buyers and other invitees (including Open House invitees) to the Property to remove their shoes upon entry and conduct their walk-through visits in stocking feet or with the use of disposable shoe coverings.

Seller is advised that the possibility of slip and fall incidents among such business invitees increases when stocking feet and/or disposable shoe covering requirements are put in place. Particularly hazardous under such requirements are hardwood and other hard flooring surfaces. Seller acknowledges the recommendation of Broker and its agents against "shoes off" requirements.

By signing below, Seller declares that Seller nevertheless elects to impose a "shoes off" requirement relative to Open House and all other showings of and visits to the Property during the listing period and pendency of any sale thereof. Seller expressly agrees that, in consideration of Broker's willingness to provide for and/or dispense disposable shoe coverings or to otherwise participate in the implementation of said "shoes off" requirement at the Property, Seller agrees to and shall hold harmless, indemnify and defend Broker, its agents, officers and employees from and as to any and all injuries, claims, liabilities, judgments, losses, complaints, lawsuits and costs arising out of or relating to such "shoes off" requirements. A licensed building contractor or other professional may perform these services. The inspector generally does not look behind walls or under carpets, or take equipment apart. Certain items on the Property, such as chimneys and spark arresters, plumbing, heating, air conditioning, electrical wiring, pool and spa, septic system, well, roof, foundation and structural items may need to be inspected by another professional, such as a chimney sweep, plumber, electrician, pool and spa service, septic or well company or roofer. A general physical inspection typically will not test for mold, wood destroying pests, lead-based paint, radon, asbestos and other environmental hazards, geologic conditions, age, remaining useful life or water-tightness of roof, cracks, leaks or operational problems associated with a pool or spa or connection of the Property to a sewer system. If Buyer wants further information on any aspect of the Property, Broker recommends that Buyer have a discussion with the professional property inspector and that Buyer hire an appropriate professional for the area of concern to Buyer. Brokers do not have expertise in these areas. Brokers do not verify the results of any such inspection or guarantee the performance of any such inspector or service. Any election by Buyer to waive the right to a physical inspection of the Property or to rely on somebody other than an appropriate professional is against the advice of Brokers. Not all inspectors are licensed and licenses are not available for all types of inspection activities.

2. SQUARE FOOTAGE, LOT SIZE AND BOUNDARIES: Buyer and Seller are advised that only an appraiser or land surveyor, as applicable, can reliably confirm square footage, lot size, Property corners and exact boundaries of the Property. Representations regarding these items that are made in a Multiple Listing Service, advertisements, and from property tax assessor records are often approximations, or based upon inaccurate or incomplete records. Fences, hedges, walls or other barriers may not represent actual boundary lines. Brokers have not verified any such representations. Brokers do not have expertise in this area. If Buyer wants information about the exact square footage, lot size or location of Property corners or boundaries, Broker recommends that Buyer hire an appraiser or licensed surveyor to investigate these matters during Buyer's inspection contingency period.

3. SOIL AND GEOLOGIC CONDITIONS: Buyer and Seller are advised that real estate in California is subject to settling, slippage, contraction, expansion, subsidence, earthquakes and other land movement. The Property may be constructed on fill or improperly compacted soil and may have inadequate drainage capability. Any of these matters can cause structural problems to improvements on the Property. Civil or geo-technical engineers are best suited to evaluate soil stability, grading, drainage and other soil conditions. Additionally, the Property may have known or unknown mines, mills, caves or wells. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer hire an appropriate professional. Not all inspectors are licensed and licenses are not available for all types of inspections.

4. GEOLOGIC HAZARDS: Buyer and Seller are advised that California has experienced earthquakes in the past, and there is always a potential of future earthquakes. Damage caused by an earthquake may not be discoverable by Buyer's or Brokers visual inspection. Inspection by a licensed, qualified professional is strongly recommended to determine the structural integrity and safety of all structures and improvements on the Property. If the Property is a condominium, or located in a planned unit development or in a common interest subdivision, Buyer is advised to contact the homeowners association about earthquake repairs and retrofit work and the possibility of an increased or special assessment to defray the costs of earthquake repairs or retrofit work. Buyer is encouraged to obtain and read the booklet entitled "The Homeowners Guide to Earthquake Safety." In most cases a questionnaire within the booklet must be completed by Seller and the entire booklet given to the Buyer if the Property was built prior to 1960. If the Property was built before 1975, and contains structures constructed of masonry or precast (tilt up) concrete walls, with wood frame floors or roof, or if the building has unreinforced masonry walls, then Seller must provide Buyer a pamphlet entitled "The Commercial Property Owner's Guide to Earthquake Safety." Many areas have a wide range of geologic problems and numerous studies have been made of these conditions. Some of this information is available for public review at city and county planning departments. Buyer is encouraged to review the public maps and reports and/or obtain a geologist's inspection report. Brokers do not have expertise in this area. Buyer may be able to obtain earthquake insurance to protect their interest in the Property. Sellers who agree to provide financing should also consider requiring Buyers to obtain such insurance.

5. ENVIRONMENTAL HAZARDS: Buyer and Seller are advised that the presence of certain kinds of organisms, toxins and contaminants, including, but not limited to, mold (airborne, toxic or otherwise), fungi, mildew, lead-based paint and other lead contamination, asbestos, formaldehyde, radon, methane, other gases, fuel oil or chemical storage tanks, contaminated soil or water, hazardous waste, waste disposal sites, electromagnetic fields, nuclear sources, urea formaldehyde, or other materials may adversely affect the Property and the health of individuals who live on or work at the property as well as pets. If Buyer wants further information, Buyer is advised and Broker recommends that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation. Not all inspectors are licensed and licenses are not available for all types of inspection activities. Buyer is also advised to consult with appropriate experts regarding this topic during Buyer's inspection contingency period. Brokers do not have expertise in this area. Broker recommends that Buyer and Seller read the booklets titled, "Residential Environmental Hazards: A Guide for Homeowners, Homebuyers, Landlords and Tenants," and "Protect Your Family From Lead In Your Home."

6. MOLD: Buyer and Seller are advised that the presence of certain kinds of mold, fungi, mildew and other organisms, sometimes referred to as "toxic mold" (collectively "Mold") may adversely affect the Property and the health of individuals who live on or work at the Property as well as pets. Mold does not affect all people the same way, and may not affect some people at all. Mold may be caused by water leaks or other sources of moisture such as, but not limited to, flooding, and leaks in windows, pipes and roof. Seller is advised to disclose the existence of any such condition of which he or she is aware. Buyer should carefully review all of Seller's disclosures for any indication that any of these conditions exist. It is, however, possible that Mold may be hidden and that Seller is completely unaware of its existence. In addition, Mold is often undetectable from a visual inspection, a professional property inspection and even a structural pest control inspection. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer have the Property tested for Mold by an environmental hygienist or other appropriate professional during Buyer's inspection contingency period. Not all inspectors are licensed and licenses are not available for all types of inspection activities.

7. WATER INTRUSION: Buyer and Seller are advised that many homes suffer from water intrusion or leakage. The causes of water intrusion are varied, and can include defective construction, faulty grading, deterioration of building materials and absence of waterproof barriers. Water intrusion can cause serious damage to the Property. This damage can consist of wood rot, mold, mildew and even damage to the structural integrity of the Property. The cost of repairing and remediating water intrusion damage and its causes can be very significant. The existence and cause of water intrusion is often difficult to detect. Because you, your Broker or a general home inspector cannot visually observe any effects of water intrusion, Buyer and Seller should not assume that such intrusion does not exist. Broker recommends that Buyer have the Property inspected for water intrusion by an appropriate professional. Brokers do not have expertise in this area.

8. SEPTIC SYSTEM(S): Buyer and Seller are advised that a property may be served by one or more septic systems even though adjoining properties are connected to a sewer line. Buyer and Seller are also advised that some septic tanks and systems may have been abandoned or have leaked into ground water sources. Buyer is advised to contact the appropriate government agency to verify that the Property is connected to a sewer or served by a septic system. If the Property is served by a septic system it may consist of a septic tank, cesspool, pits, leach lines or a combination of such mechanisms ("collectively, System"). No representation or warranty is made by Seller or Broker concerning the condition, operability, size, capacity or future expansion of a System, nor whether a System is adequate for use by the intended occupants of the Property. A change in the number of occupants or the quantity, composition or methods of depositing waste may affect the efficiency of the System. In addition, the amount of rainfall and ground water table may also affect the efficiency of the System. Many factors including, but not limited to, natural forces, age, deterioration of materials and the load imposed on a System can cause the System to fail at any time. Broker recommends that Buyer obtain an independent evaluation of any System by a qualified sanitation professional during Buyer's inspection contingency period. Brokers do not have expertise in this area. Buyer should consult with their sanitation professional to determine if their report includes the tank only, or other additional components of the System such as pits and leach fields. Not all inspectors are licensed and licenses are not available for all types of inspection activities. In some cases, Buyer's lender as well as local government agencies may require System inspection. System-related maintenance costs may include, but not be limited to, locating, pumping or providing outlets to ground level. Brokers are unable to advise Buyer or Seller regarding System-related issues or associated costs, which may be significant. If Buyer and Seller agree to obtain a System inspection, Buyer and Seller are cautioned that the inspection cost may include, but not be limited to, the costs of locating, pumping or providing outlets to ground level.

9. WELL AND WATER SYSTEM(S): Buyer and Seller are advised that the Property may be served by one or more water wells, springs, or private community or public water systems. Any of these private or public water systems may contain bacteria, chemicals, minerals and metals, such as chromium. Well(s) may have been abandoned on the Property. Buyer is advised to have both the quality and the quantity of water evaluated, and to obtain an analysis of the quality of any domestic and agricultural water in use, or to be used at the Property, from whatever source. Water quality tests can include not only tests for bacteria, such as coliform, but also tests for organic and inorganic chemicals, metals, mineral content and gross alpha testing for radioactivity. Broker recommends that Buyer consult with a licensed, qualified well and pump company and local government agency to determine whether any well/spring or water system will adequately serve Buyer's intended use and that Buyer have a well consultant perform an extended well output test for this purpose. Water well or spring capacity, quantity output and quality may change at any time. There are no guarantees as to the future water quality, quantity or duration of any well or spring. If Buyer wants further information, Broker recommends that Buyer obtain an inspection of the condition, age, adequacy and performance of all components of the well/spring and any water system during Buyer's inspection contingency period. Brokers do not have expertise in this area.

10. WOOD DESTROYING PESTS: Buyer and Seller are advised that the presence of, or conditions likely to lead to the presence of, or other infestation or infection of wood destroying pests and organisms may adversely affect the Property. Inspection reports covering these items can be separated into two sections: Section 1 identifies areas where infestation or infection is evident. Section 2 identifies areas where there are conditions likely to lead to infestation or infection. Brokers do not have expertise in this area. If Buyer wants further information, Buyer is advised and Broker recommends that Buyer have the Property inspected for the existence of such conditions and organisms, and conditions that may lead to their formation by a registered structural pest control company during Buyer's inspection contingency period.

11. EASEMENTS, ACCESS AND ENCROACHMENTS: Buyer and Seller are advised that confirming the exact location of easements, shared or private driveways or roadways, and encroachments on or to the Property may be possible only by conducting a survey. There may be unrecorded easements, access rights, encroachments and other agreements affecting the Property that may not be disclosed by a survey. Representations regarding these items that are made in a Multiple Listing Service, advertisements, or plotted by a title company are often approximations, or based upon inaccurate or incomplete records. Brokers have not verified any such representations. If Buyer wants further information Buyer is advised and Broker recommends that Buyer hire a licensed surveyor during Buyer's inspection contingency period. Brokers do not have expertise in this area.

12. EARTHQUAKE FAULT ZONES AND SEISMIC HAZARD ZONES: Buyer and Seller are advised that California Public Resources Code Sections 2622 and 2696 require the delineation and mapping of "Earthquake Fault Zones" along known active faults and "Seismic Hazard Zones" in California. Affected cities and counties must regulate certain development projects within these zones. Construction or development on affected properties may be subject to the findings of a geological report prepared by a registered California geologist. Generally, Seller must disclose if the Property is in such a zone and can use a research company to aid in the process. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer make independent inquiries with such research companies or with appropriate government agencies concerning the use and improvement of the Property. Brokers do not have expertise in this area. Buyer is advised that there is a potential for earthquakes and seismic hazards even outside designated zones.

13. FIRE HAZARDS: Buyer and Seller are advised that fires annually cause the destruction of thousands of homes. Due to varied climate and topography, certain areas have higher risks of fires than others. Certain types of materials used in home construction create a greater risk of fire than others. If the Property is located within a State Fire Responsibility Area or a Very High Fire Hazard Zone, generally Seller must disclose that fact to Buyer under California Public Resources Code Section 4136 and California Government Code Sections 51178 and 51183.5, and may use a research company to aid in the process. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer contact the local fire department and Buyer's insurance agent regarding the risk of fire. Brokers do not have expertise in this area. Buyer is advised that there is a potential for fires even outside designated zones.

14. FLOOD HAZARDS: Buyer and Seller are advised that if the Property is located within a Special Flood Hazard Area, as designated by the Federal Emergency Management Agency, or an area of Potential Flooding pursuant to California Government Code Section 8589.3, generally Seller must disclose this fact to Buyer and may use a research company to aid in the process. The National Flood Insurance Program was established to identify all flood plain areas and establish flood-risk zones within those areas. The program mandates flood insurance for properties within high-risk zones if loans are obtained from a federally-regulated financial institution or are insured by any agency of the United States Government. The extent of coverage and costs may vary. If Buyer wants further information, Broker recommends that Buyer consult his or her lender and/or insurance agent during Buyer's inspection contingency period. Brokers do not have expertise in this area. Buyer is advised that there is a potential for flooding even outside designated zones.

15. BUILDING PERMITS, ZONING AND CODE COMPLIANCE: Buyer and Seller are advised that any structure on the Property, including the original structure and any addition, modification, remodel or improvement may have been built without permits, not according to building codes, or in violation of zoning laws. Further, even if such structure was built according to the then-existing code or zoning requirement, it may not be in compliance with current building standards or local zoning. It is also possible that local law may not permit structures that now exist to be rebuilt in the event of damage or destruction. Buyer is advised to check with appropriate government agencies or third party professionals to verify permits and legal requirements and the effect of such requirements on current and future use of the Property, its development and size. If Buyer wants further information Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

16. VIEWS: Buyer and Seller are advised that present views from the Property may be affected by future development or growth of trees and vegetation on adjacent properties and any other property within the line of sight of the Property. Broker makes no representation regarding the preservation of existing views. If Buyer wants further information, Broker recommends that Buyer review Covenants, Conditions and Restrictions, if any, and contact neighboring property owners, government agencies and homeowner associations, if any, during Buyer's inspection contingency period. Brokers do not have expertise in this area.

17. FUTURE REPAIRS, REPLACEMENTS AND REMODELS: Buyer and Seller are advised that replacement or repairs of certain systems or remodels of portions of the Property may trigger requirements that homeowners comply with laws and regulations that either come into effect after Close of Escrow or are not required to be complied with until the replacement, repair or remodel has occurred. Permit or code requirements or building standards may change after Close of Escrow, resulting in increasing costs to repair existing features. In particular, changes to state and federal energy efficiency regulations impact the installation, replacement and some repairs of heating and air conditioning units (HVAC). Federal regulations now require manufacturers of HVAC units to produce only units meeting a new higher Seasonal Energy Efficiency Rating (SEER). This will likely impact repairs and replacements of existing HVAC units. State regulations now require that when installing or replacing HVAC units, with some exceptions, duct work must be tested for leaks. Duct work leaking more than 15 percent must be repaired to reduce leaks. The average existing duct work typically leaks 30 percent. More information is available at the California Energy Commission's website <http://www.energy.ca.gov/title24/changeout>. Home warranty policies may not cover such inspections or repairs. If Buyer wants further information Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

18. ERRANT GOLF BALLS: Buyer and Seller are advised that if the Property is located adjacent to or near a golf course there is a possibility that golf balls may damage the Property or injure persons or pets on it. Additionally, persons playing golf may enter the Property to retrieve errant golf balls or for other purposes. Broker recommends that Buyer investigate this possibility during Buyer's Inspection contingency period. Brokers do not have expertise in this area.

19. SCHOOLS: Buyer and Seller are advised that children living in the Property may not, for numerous reasons, be permitted to attend the school nearest the Property. Various factors including, but not limited to, open enrollment policies, busing, overcrowding and class size reductions may affect which public school serves the Property. School district boundaries are subject to change. Buyer is advised to verify whether the Property is now, and at the Close of Escrow will be, in the school district Buyer understands it to be in and whether residing in the Property entitles a person to attend any specific school that Buyer is interested in. Broker recommends that Buyer contact the local school or school district for additional information during Buyer's inspection contingency period. Brokers do not have expertise in this area.

20. NEIGHBORHOOD NOISE SOURCES: Buyer and Seller are advised that even if the Property is not in an identified airport noise influence area the Property may still be subject to airplanes and other aircraft, commercial or military or both, flying overhead. Other common sources of noise include traffic on streets and highways, trains and general neighborhood noise from people, dogs and other animals. Noise levels and types of noise that bother one person may be acceptable to others. Buyer is advised to satisfy him/herself with regard to any sources of and amounts of noise at different times of day and night. Brokers do not have expertise in this area.

21. PETS AND ANIMALS: Buyer and Seller are advised that the current or previous owner(s) may have had domesticated or other pets and animals at the Property. Odors from animal urine contamination may be dormant for long periods of time and then become active because of heat, humidity or other factors and may not be eliminated by cleaning or replacing carpets or other cleaning. Pet urine and feces can also damage hardwood floors and other floor coverings. Additionally, an animal may have had fleas, ticks and other pests that remain on the Property after the animal has been removed. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional during Buyer's inspection contingency period. Brokers do not have expertise in this area.

22. SECURITY AND SAFETY: Buyer and Seller are advised that state and local Law may require the installation of barriers, access alarms, self-latching mechanisms and/or other measures to decrease the risk to children and other persons of existing swimming pools and hot tubs, as well as various fire safety and other measures concerning other features of the Property. Compliance requirements differ from city to city and county to county. Unless specifically agreed, the Property may not be in compliance with these requirements. Brokers do not have expertise in this area. If Buyer wants further information, Broker recommends that Buyer contact local government agencies about these restrictions and other requirements.

23. RETROFIT: Buyer and Seller are advised that state and local Law may require the installation of operable smoke detectors, bracing or strapping of water heaters, and completion of a corresponding written statement of compliance that is delivered to Buyer. Some city and county governments may impose additional retrofit standards, including, but not limited to, installing low-flow toilets and showerheads, gas shut-off valves, and tempered glass. Brokers do not have expertise in this area. Broker recommends that Buyer and Seller consult with the appropriate government agencies, inspectors, and other professionals to determine the retrofit standards for the Property, the extent to which the Property complies with such standards, and the costs, if any, of compliance.

24. WATER SHORTAGES AND CONSERVATION: Buyer and Seller are advised that the Property may be located in an area that could experience water shortages. The policies of local water districts and the city or county in which the Property is located can result in the occurrence of any or all of the following: (i) limitations on the amount of water available to the Property, (ii) restrictions on the use of water, and (iii) an increasingly graduated cost per unit of water use, including, but not limited to, penalties for excess usage. For further information, Broker recommends that Buyer contact the supplier of water to the Property regarding the supplier's current or anticipated policies on water usage and to determine the extent to which those policies may affect Buyer's intended use of the Property. If the Property is serviced by a private well, Buyer is advised that drought conditions and/or a low water table may make it necessary to arrange, through a private supplier, for delivery of water to the Property. Buyers should contact water truck companies for the costs involved. Brokers do not have expertise in this area.

25. NEIGHBORHOOD, AREA; PERSONAL FACTORS: Buyer and Seller are advised that the following may affect the Property or Buyer's intended use of it: neighborhood or area conditions, including schools, proximity and adequacy of law enforcement, crime, fire protection, other government services; availability, adequacy and cost of any speed-wired, wireless internet connections or other telecommunications or other technology services and installations, proximity to manufacturing, commercial, industrial, airport or agricultural activities or military ordnance locations, existing and proposed transportation, construction, and development, any other source that may affect noise, view, traffic, or odor, wild and domestic animals, other nuisances, hazards, or circumstances, protected species, wetland properties, botanical diseases, historic or other governmentally-protected sites or improvements, cemeteries, conditions and influences of significance to certain cultures and/or religions, and personal needs, requirements and preferences of Buyer.

26. INSURANCE: Buyer and Seller are advised that Buyer may have difficulty obtaining insurance regarding the Property if there has been a prior insurance claim affecting the Property or made by Buyer but unrelated to the Property. Seller is required by C.A.R. Form RPA to disclose known insurance claims made during the past five years. Sellers may not be aware of claims prior to their ownership. If Buyer wants further information, Broker recommends that, during Buyer's inspection contingency period, Buyer conduct his or her own investigation for past claims. Buyer may need to obtain Seller's consent in order to have access to certain investigation reports. If the Property is a condominium, or is located in a planned unit development or other common interest subdivision, Buyer and Seller are advised to determine if the individual unit is covered by the Homeowner Association Insurance. Broker recommends that Buyer consult Buyer's insurance agents during Buyer's inspection contingency period to determine the need, availability and possibility of securing any and all forms of other insurance or coverage or any conditions imposed by insurer as a requirement of issuing insurance. If Buyer takes possession prior to Close of Escrow or Seller remains in possession after Close of Escrow, whether for a limited or extended period of time, Broker recommends that Buyer and Seller each consult with their own insurance agent regarding insurance or coverage that could protect them in the transaction (including but not limited to: personal property, flood, earthquake, umbrella and renter's). Brokers do not have expertise in this area.

27. CALIFORNIA FAIR PLAN: Buyer and Seller are advised that insurance for certain hillside, oceanfront and brush properties may be available only from the California Fair Plan. This may increase the cost of insurance for such properties and coverage may be limited. Broker recommends that Buyer consult with Buyer's own insurance agent during Buyer's inspection contingency period regarding the availability of coverage under the California Fair Plan and the length of time it may take for processing of a California Fair Plan application. Brokers do not have expertise in this area.

28. HISTORICAL DESIGNATION, COASTAL COMMISSION, ARCHITECTURAL, LANDSCAPE, AGRICULTURAL OR OPEN SPACE AND OTHER RESTRICTIONS ON BUILDINGS OR IMPROVEMENTS: Buyer and Seller are advised that the Property may be: (i) designated as a historical landmark, (ii) protected by a historical conservancy, (iii) subject to an architectural or landscaping review process, (iv) within the jurisdiction of the California Coastal Commission or other government agency, or (v) subject to a contract preserving use of all or part of the Property for agriculture or open space. If the Property is so designated or within the jurisdiction of any such, or similar, government agency then there may be restrictions on Buyer's ability to develop, remove or trim trees or other landscaping, remodel, make improvements to and build on or rebuild the Property. Broker recommends that Buyer satisfy him/herself during Buyer's inspection contingency period if any of these issues are of concern to Buyer. Brokers do not have expertise in this area.

29. 1915 BOND AND MELLO-ROOS COMMUNITY AND OTHER FACILITIES DISTRICTS: Buyer and Seller are advised that the Property may be subject to an improvement bond assessment under the Improvement Bond Act of 1915 and/or a levy of a special tax pursuant to a Mello-Roos community facilities or other district. Seller is generally required to make a good faith effort to obtain a disclosure notice from any local agency collecting such taxes and deliver such notice to Buyers. Brokers do not have expertise in this area.

30. HOMEOWNER ASSOCIATIONS AND COVENANTS, CONDITIONS AND RESTRICTIONS (CC&Rs): Buyer and Seller are advised that if the Property is a condominium, or located in a planned unit development, or in a common interest subdivision there are typically restrictions on use of the Property and rules that must be followed. Restrictions and rules are commonly found in Declarations of Covenants, Conditions and Restrictions (CC&Rs) and other governing documents. Further there is likely to be a homeowner association (HOA) that has the authority to affect the Property and its use. Whether or not there is a HOA, the Property may still be subject to CC&Rs restricting use of the Property. The HOA typically has the authority to enforce the rules of the association, assess monetary payments (both regular monthly dues and special assessments) to provide for the upkeep and maintenance of the common areas, and enforce the rules and assessment obligations. If you fail to abide by the rules or pay monies owed to the HOA, the HOA may put a lien against your Property. The law requires the Seller to provide the Buyer with the CC&Rs and other governing documents, as well as a copy of the HOA's current financial statement and operating budget, among other documents. Buyer is advised to carefully review all HOA documents provided by Seller and the CC&Rs, if any, and satisfy him/herself regarding the use and restrictions of the Property, the amount of monthly dues and/or assessments, the adequacy of reserves, current and past insurance coverage and claims and the possibility of any legal action that may be taken by or against the HOA. The HOA may not have insurance or may not cover personal property belonging to the owner of the unit in the condominium, common interest or planned unit development. See paragraph 26 for further information regarding insurance. Brokers do not have expertise in this area.

31. COMMUNITY ENHANCEMENT AND PRIVATE TRANSFER FEES: Buyer and Seller are advised that some areas or communities may have enhancement fees or user-type fees, or private transfer fees, over and above any stated association fees. Private transfer fees: (A) may last for a fixed period of time or in perpetuity, (B) are typically calculated as a percentage of home's sales price, and (C) may have private parties, charitable organizations or interest-based groups as their recipients. GENERAL RECALL/DEFECTIVE PRODUCT/CLASS ACTION INFORMATION: Buyer and Seller are advised that government entities and manufacturers may at any time issue recall notices and/or warnings about products that may be present in the Property, and that these notices or warnings can change. There is no single, all-inclusive source of information on product recalls, defective products or class actions; however, the U.S. Consumer Product Safety Commission (CPSC) maintains a website that contains useful information. If Buyer wants further information regarding the items listed below, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> during Buyer's inspection contingency period. The following are examples of recall/defective products/class action information. The information is not exclusive. If Buyer wants further information, Broker recommends that Buyer contact the sources below. Brokers do not have expertise in this area and will not determine if any aspect of the Property is subject to a recall or is affected by a class action lawsuit. (NOTE: While the information below is believed to be current as of the revision date of this form, phone numbers and web addresses may change or be discontinued.)

A. FURNACES: Buyer is advised that the CPSC has issued a warning regarding certain gas-fired horizontal forced-air furnaces that present a substantial risk of fire. The furnaces in question were manufactured from 1983 to 1994 by Consolidated Industries and were marketed under many different brand names. Homes built before 1983 or after 1994 could still have the furnaces in question due to replacements or remodeling. If Buyer wants further information, Broker recommends that Buyer contact CPSC's hotline at (800) 638-2772.

B. WHIRLPOOL MICROWAVE-HOOD COMBINATION: Buyer is advised that Whirlpool Corporation has voluntarily recalled approximately 1.8 million microwave-hood combinations that have been known to overheat and catch fire. The units at issue are installed above ranges and are sold under the Whirlpool, KitchenAid and Kenmore brand names. If Buyer wants further information, Broker recommends that Buyer contact Whirlpool by phone at (800) 785-8897 or at its website, <http://www.repair.whirlpool.com>.

C. ROOF TILES: Buyer is advised that there is a class action lawsuit concerning certain fire free tiles and quantum panels manufactured and installed by RE-Con Building Products, Inc. from December 1993 to November 1997. If Buyer wants further information, Broker recommends that Buyer call (800) 966-3696 or view the website at <http://www.firefreeclaims.com>.

If Buyer wants further information, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> or Central Sprinkler Company at (866) 505-8553 or <http://www.sprinklerreplacement.com>.

E. WATER HEATER: Buyer is advised that certain water heaters manufactured by a variety of companies between 1993 and 1997 may be defective. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional who can determine if the water heater on the Property is defective.

F. ALUMINUM WIRING: Buyer is advised that some properties in California are wired in whole or in part with aluminum wiring which was approved at the time of construction but subsequently determined to be a potential hazard. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional who can determine if the wiring on the Property is defective.

G. GALVANIZED, ABS, POLYBUTYLENE AND COPPER PIPE: Buyer is advised that galvanized steel water pipes may corrode and leak after several years and that ABS plastic drain waste and vent pipe may be subject to failure. Buyer is also advised that the adhesive used in the installation of polybutylene pipe has been subject to failure. Additionally, copper pipe installed in slabs may develop leaks as result of reaction to certain soils. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an appropriate professional who can determine if the water pipes and drains on the Property are defective.

H. WATER HEATER GAS CONTROL VALVES: Buyer is advised that the CPSC in cooperation with Robertshaw Controls Company has announced a voluntary recall of approximately 178,000 gas control valves installed on water heaters manufactured between July 2005 and August 2005 with production date codes 5-31 through and including 5-33 under brand names American Proline, Bradford White, GE, GSE, Hotpoint, Jetglas, John Wood, Lochinvar, Premire Plus, Powerflex, Rheem, Richmond, Ruud, Vanguard, Whirlpool and U.S. Craftsman.

Further information, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> or contact Robertshaw Controls at (888) 225-1071 or <http://www.robertshaw.com>.

I. ARC-FAULT CIRCUIT BREAKER: Buyer is advised that the CPSC in cooperation with Schneider Electric has announced a voluntary recall of approximately 700,000 Square D Q® and Homeline® AFCI circuit breakers manufactured by Schneider Electric North American Operating Division. The recalled arc-fault interrupter circuit breakers are designed for use in 15 and 20-amp branch circuits; have a blue test button and were manufactured between March 2004 and September 2004. Tests show that these circuit breakers may not provide the arc-fault protection required by the 2001 California Electrical Code, Section 210-21. If Buyer wants further information, Broker recommends that Buyer consult the CPSC website at <http://www.cpsc.gov> or contact Schneider Electric at (877) 202-9064 or <http://www.us.squared.com/recallafci>.

33. RENTAL PROPERTY RESTRICTIONS: Buyer and Seller are advised that some cities and counties impose restrictions that limit the rent that can be charged to a tenant, the maximum number of tenants who can occupy the property and the right of a landlord to terminate a tenancy and the costs to do so. If Buyer wants further information, Broker recommends that Buyer investigate the issue with an appropriate government authority during Buyer's inspection contingency period. Brokers do not have expertise in this area.

34. LAND LEASE: Buyer and Seller are advised that certain developments are built on leased land. This means that: (i) Buyer does not own the land, (ii) the right to occupy the land will terminate at some time, (iii) the cost to lease the land may increase at some point in the future, and (iv) Buyer may not be able to obtain title insurance. If Buyer wants further information, Broker recommends that Buyer discuss the issue with an attorney or other appropriate professional. Brokers do not have expertise in this area.

35. HOME WARRANTY: Buyer and Seller are advised that Buyer and Seller can purchase home warranty plans covering certain standard systems of the Property both before and after Close of Escrow. Seller can obtain coverage for the Property during the listing period. For an additional premium, an upgraded policy providing additional coverage for air conditioning, pool and spa and other features can be purchased. Home warranties do not cover every aspect of the Property and may not cover inspections or upgrades for repairs required by state or federal laws. Broker recommends that Buyer review the policy for details. Brokers do not have expertise in this area.

36. INTERNET ADVERTISING: Buyer and Seller are advised that Broker may employ a service to provide a "virtual tour" or Internet marketing of the Property, permitting potential buyers to view the Property over the Internet. Neither the service provider nor Broker has control over who will obtain access to the service or what action such persons might take. Buyer and Seller are advised that Brokers have no control over how long the information concerning the Property will be available on the Internet. Brokers do not have expertise in this area.

37. ESCROW FUNDS: Buyer and Seller are advised that California Insurance Code section 12413.1 provides that escrow companies cannot disburse funds unless there are sufficient "good funds" to cover the disbursement. "Good funds" are defined as cash, wire transfers and cashiers' or certified checks drawn on California depositories. Escrow companies vary in their definitions of "good funds." Broker recommends that Buyer and Seller ask the escrow company regarding its treatment of "good funds." All drafts and out-of-state checks are subject to waiting periods and do not constitute "good funds" until the money is physically transferred to the escrow holder's account. Brokers do not have expertise in this area.

38. NOTICE OF YOUR "SUPPLEMENTAL" PROPERTY TAX BILL: Buyer and Seller are advised that pursuant to Civil Code § 1102.6(c), Seller or his or her agent is required to provide the following "Notice of Your 'Supplemental' Property Tax Bill" to the Buyer:

"California property tax law requires the Assessor to revalue real property at the time the ownership of property changes. Because of this law, you may receive one or two supplemental tax bills, depending on when your loan closes.

The supplemental tax bills are not mailed to your lender. If you have arranged for your property tax payments to be paid through an impound account, the supplemental tax bills will not be paid by your lender. It is your responsibility to pay these supplemental bills directly to the Tax Collector.
If you have any questions concerning this matter, please call your Tax Collector's Office."

Although the notice refers to loan closing as a trigger, it is actually the change of ownership which triggers this reassessment. Therefore, the Property can be reassessed even if there is no loan involved in the purchase of the Property. The purchase agreement may allocate supplemental tax bills received after the Close of Escrow to the Buyer. If Buyer wants further information concerning these matters, Broker recommends that Buyer discuss the issue with the County Assessor or Tax Collector. Brokers do not have expertise in this area.

39. NON CONFIDENTIALITY OF OFFERS: Buyer is advised that Seller or Listing Agent may disclose the existence, terms, or conditions of Buyer's offer unless all parties and their agent have signed a written confidentiality agreement. Whether any such information is actually disclosed depends on many factors, such as current market conditions, the prevailing practice in the real estate community, the Listing Agent's marketing strategy and the instructions of the Seller.

40. FIRPTA/CALIFORNIA WITHHOLDING: Buyer and Seller are advised that: (i) Internal Revenue Code section 1445 requires a Buyer to withhold and remit to the Internal Revenue Service 10% of the purchase price if Seller is a non-resident alien, unless an exemption applies. Seller may avoid withholding by providing Buyer a statement of non-foreign status. The statement must be signed by Seller under penalty of perjury and include Seller's tax identification number. Buyer can also avoid the federal withholding requirement if the property price is \$300,000 or less and the Buyer signs an affidavit stating Buyer intends to occupy the property as a principal residence. (ii) California Revenue and Taxation Code Section 18662 requires that a Buyer withhold and remit to the California Franchise Tax Board 3 1/3% of the purchase price unless the Seller signs an affidavit that the property was the Seller's (or the decedent's if a trust or probate sale) principal residence or that the sales price is \$100,000 or less or another exemption applies. Exemptions from withholding also apply to legal entities such as corporations, LLCs, and partnerships. Brokers cannot give tax advice. Broker recommends that Buyer and Seller seek advice from a CPA, attorney or taxing authority. Brokers do not have expertise in this area.

41. LIQUIDATED DAMAGES: Buyer and Seller are advised that a liquidated damages clause is a provision Buyer and Seller can use to agree in advance to the amount of damages that a seller will receive if a buyer breaches the agreement. The clause usually provides that a seller will retain a Buyer's initial deposit paid if the Buyer breaches the agreement, and generally must be separately initialed by both parties to be enforceable. For any additional deposits to be covered by the liquidated damages clause, there generally must be another separately signed or initialed agreement. However, if the Property contains from 1 to 4 units, one of which the Buyer intends to occupy, California Civil Code Section 1675 limits the amount of the deposit subject to liquidated damages to 3% of the purchase price. Even though both parties have agreed to a liquidated damages clause, an escrow company will usually require either a judge's or arbitrator's decision or instructions signed by both parties in order to release the Buyer's deposit to the Seller. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to a liquidated damages clause. Brokers do not have expertise in this area.

42. MEDIATION: Buyer and Seller are advised that mediation is a process in which the parties hire a neutral person to facilitate discussion and negotiation between the parties with the goal of helping them reach a settlement of their dispute. The parties generally share in the cost of this confidential, non-binding negotiation. If no agreement is reached, either party can pursue further legal action. Under C.A.R. Form RPA-CA; (i) the parties must mediate any dispute arising out of their agreement (with a few limited exceptions, such as matters within the jurisdiction of a small claims court) before they resort to arbitration or court, and (ii) if a party proceeds to arbitration or court without first attempting to mediate the dispute, that party risks losing the right to recover attorney fees even if he or she prevails.

43. ARBITRATION: Buyer and Seller are advised that arbitration is a process by which the disputing parties hire a neutral person to render a decision. Generally, arbitration is faster and less expensive than resolving disputes by litigating in court. The rules are usually less formal than in court, and it is a private process not on the public record. By agreeing to arbitration the parties give up the right to a jury trial and to appeal. Arbitration decisions have been upheld even when arbitrators have made a mistake as to the law or the facts. If the parties agree to arbitration, then any dispute arising out of their agreement (with a few limited exceptions) must be submitted to binding arbitration. Buyer and Seller must weigh the benefits of a potentially quicker and less expensive arbitration against giving up the right to a jury trial and the right to appeal. Brokers cannot give legal advice regarding these matters. Buyers and Sellers must decide on their own, or with the advice of legal counsel, whether to agree to arbitration. Brokers do not have expertise in this area.

**WATER HEATER AND SMOKE DETECTOR
STATEMENT OF COMPLIANCE**
(C.A.R. Form WHSD, Revised 11/09)

Property Address: 2580 CANARY PALM CT. San Jose CA 95132

NOTE: A seller who is not required to provide one of the following statements of compliance is not necessarily exempt from the obligation to provide the other statement of compliance.

WATER HEATER STATEMENT OF COMPLIANCE

- STATE LAW:** California Law requires that all new and replacement water heaters and existing residential water heaters be braced, anchored or strapped to resist falling or horizontal displacement due to earthquake motion. "Water heater" means any standard water heater with a capacity of no more than 120 gallons for which a pre-engineered strapping kit is readily available. (Health and Safety Code §19211d). Although not specifically stated, the statute requiring a statement of compliance does not appear to apply to a properly installed and bolted tankless water heater for the following reasons: There is no tank that can overturn; Pre-engineered strapping kits for such devices are not readily available; and Bolting already exists that would help avoid displacement or breakage in the event of an earthquake.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent water heater bracing, anchoring or strapping requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable water heater bracing, anchoring or strapping requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code §19211 requires the seller of any real property containing a water heater to certify, in writing, that the seller is in compliance with California State Law. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with Health and Safety Code §19211 by having the water heater(s) braced, anchored or strapped in place, in accordance with those requirements.

SMOKE DETECTOR STATEMENT OF COMPLIANCE

- STATE LAW:** California Law requires that every single-family dwelling and factory built housing unit sold on or after January 1, 1986, must have an operable smoke detector, approved and listed by the State Fire Marshal, installed in accordance with the State Fire Marshal's regulations. (Health and Safety Code §13113.8).
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent smoke detector requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable smoke detector requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code §13113.8(b) requires every transferor of any real property containing a single-family dwelling, whether the transfer is made by sale, exchange, or real property sales contract (installation sales contract), to deliver to the transferee a written statement indicating that the transferor is in compliance with California State Law concerning smoke detectors. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development.
- EXCEPTIONS:** Generally, a written statement of smoke detector compliance is not required for transactions for which the Seller is exempt from providing a transfer disclosure statement.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with Health and Safety Code §13113.8 by having operable smoke detector(s) approved and listed by the State Fire Marshal installed in accordance with the State Fire Marshal's regulations and in accordance with applicable local ordinance(s).

PRDS® SUPPLEMENTAL SELLER'S CHECKLIST

Supplement to Transfer Disclosure Statement

Revision Date 8/07

Property: 2580 CANARY PALM CT San Jose CA 95133 Date: 02/26/2010

THE INFORMATION ENTERED ON THIS FORM IS PROVIDED BY SELLER ONLY. (AGENTS' DISCLOSURES ARE PROVIDED ELSEWHERE.) THIS DOCUMENT IS SOLELY A SUPPLEMENTAL DISCLOSURE; IT IS NOT, AND SHALL NOT BE DEEMED TO CONSTITUTE, ANY PART OF THE RELATED PURCHASE CONTRACT.

CAUTION TO SELLER: California law requires that you disclose to a Buyer all material facts, of which you are aware or reasonably should be aware, bearing on the value or desirability of the Property. This supplemental form serves as an additional checklist intended to aid you in identifying, recalling and disclosing such material facts (including negative conditions that arose during prior ownerships). If you are in doubt as to whether a condition constitutes a "defect," it is always prudent to disclose and explain rather than remain silent. Full disclosure of material facts reduces the risk of subsequent disputes, claims and litigation regarding the Property. Please be aware of your obligation as Seller to be alert to and to disclose problems and defects known by you to exist, even where they are not included in this checklist.

CAUTION TO BUYER: California law requires that you exercise reasonable care in investigating the Property and that you take account of facts that are disclosed or otherwise known to you or which are within your diligent attention and observation. You are strongly urged to thoroughly inspect the Property and surrounding neighborhood, carefully read and assess all disclosures and inspection reports (carefully considering inspectors recommendations of additional, specialized inspections) and to ask questions and make additional inquiries of others, including inspection professionals, that you, as Buyer, feel important. Factors relating to the Property and/or the neighborhood may affect you quite differently (positively or negatively) than they do the Sellers, whose perceptions are inevitably subjective. A property or neighborhood condition that is entirely satisfactory to a Seller might be regarded by a Buyer as an annoyance or a nuisance. Understand that this and other Seller disclosures typically reflect a Seller's non-expert, subjective perceptions of the Property, and that items noted on this form reflect only those conditions of which Seller is aware. This list almost certainly does not account for each and every possible defect, and Seller's lack of awareness of a problem does not mean that none exists.

Answer **YES** to any of the items if you are aware of any negative condition or circumstance, **whether past or present, and whether or not previously repaired**, relating to that item. PRDS® BUYER ADVISORY REGARDING CALIFORNIA HIGH-SPEED RAIL

Property: 2580 Canary Palm Ct, San Jose, CA

The approval by California voters of Proposition 1A in 2008 authorized the funding of a high-speed rail system ("Rail System") in California and the creation of the California High-Speed Rail Authority ("Authority"), the entity responsible for planning, constructing and operating this Rail System, intended to link various cities up and down the state.

The exact route that the proposed Rail System would take and how its construction and operation might affect surrounding communities have been the subject of considerable concern and debate. Along with its benefits, possible negative impacts of the Rail System could include, without limitation, noise, dust, traffic interruption, street closures and/or reconfigurations, visual impacts, possible diminution of property values and other consequences on a particular neighborhood. Precisely what impact, if any, the Rail System would have on any particular piece of real property either before, during or after construction and placement in operation is unknown; certainly it will affect people and properties differently.

Real estate agents are not experts regarding the Rail System, and prospective buyers are advised to investigate and satisfy themselves in regard thereto during property inspection contingency periods. Important information about the Rail System may be obtained by contacting the Authority directly or by visiting the website <http://www.cahighspeedrail.ca.gov>.

CALIFORNIA
ASSOCIATION
OF REALTORS®

**AGENT VISUAL INSPECTION DISCLOSURE
(CALIFORNIA CIVIL CODE § 2079 ET SEQ.)**

**For use by an agent when a transfer disclosure statement is
required or when a seller is exempt from completing a TDS
(C.A.R. Form AVID, Revised 11/07)**

This inspection disclosure concerns the residential property situated in the City of San Jose, County of Santa Clara, State of California, described as 2580 Canary Palm Ct, San Jose CA 95133 ("Property").

California law requires, with limited exceptions, that a real estate broker or salesperson (collectively, "Agent") conduct a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of certain properties offered for sale and then disclose to the prospective purchaser material facts affecting the value or desirability of that property that the inspection reveals. The duty applies regardless of whom that Agent represents. The duty applies to residential real properties containing one-to-four dwelling units, and manufactured homes (mobilehomes). The duty applies to a stand-alone detached dwelling (whether or not located in a subdivision or a planned development) or an attached dwelling such as a condominium. The duty also applies to a lease with an option to purchase, a ground lease or a real property sales contract of one of those properties.

California law does not require the Agent to inspect the following:

- Areas that are not reasonably and normally accessible
- Areas off site of the property
- Public records or permits
- Common areas of planned developments, condominiums, stock cooperatives and the like.

Agent Inspection Limitations: Because the Agent's duty is limited to conducting a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of only the Property being offered for sale, there are several things that the Agent will not do. What follows is a non-exclusive list of examples of limitations on the scope of the Agent's duty.

Roof and Attic: Agent will not climb onto a roof or into an attic.

Interior: Agent will not move or look under or behind furniture, pictures, wall hangings or floor coverings. Agent will not look up chimneys or into cabinets, or open locked doors.

Exterior: Agent will not inspect beneath a house or other structure on the Property, climb up or down a hillside, move or look behind plants, bushes, shrubbery and other vegetation or fences, walls or other barriers.

4. **FEDERAL LAW:** I, the undersigned, declare under penalty of perjury that, for the reason checked below, if any, I am exempt (or if signed on behalf of an Entity Transferor, the Entity is exempt) from the federal withholding law (FIRPTA):

- (For individual Transferors) I am not a nonresident alien for purposes of U.S. income taxation.

- The Property is subject to an installment sale, that Transferor will report as such, and Buyer has agreed to withhold on each principal payment instead of withholding the full amount at the time of transfer.

FEDERAL GUIDELINES

FOREIGN PERSONS DEFINED. The following general information is provided to assist sellers in determining whether they are "foreign persons" for purposes of the Foreign Investment in Real Property Tax Act (FIRPTA), IRC §1445. FIRPTA requires a buyer to withhold and send to the Internal Revenue Service 10% of the gross sales price of a United States (U.S.) real property interest if the seller is a foreign person. No withholding is required for a seller who is a U.S. person (that is, not a foreign person). In order for an individual to be a U.S. person, he/she must be either a U.S. citizen or a U.S. resident alien. The test must be applied separately to each seller in transactions involving more than one seller. Even if the seller is a foreign person, withholding will not be required in every circumstance.

NONRESIDENT ALIEN INDIVIDUAL. An individual whose residence is not within the U.S. and who is not a U.S. citizen is a nonresident alien. The term includes a nonresident alien fiduciary. An alien actually present in the U.S. who is not just staying temporarily (i.e., not a mere transient or sojourner), is a U.S. resident for income tax purposes. An alien is considered a U.S. resident and not subject to withholding under FIRPTA if the alien meets either the **green card test** or the **substantial presence test** for the calendar year.

GREEN CARD TEST. An alien is a U.S. resident if the individual was a lawful permanent resident of the U.S. at any time during the calendar year. This is known as the "green card test."

SUBSTANTIAL PRESENCE TEST. An alien is considered a U.S. resident if the individual meets the substantial presence test for the calendar year. Under this test, the individual must be physically present in the U.S. on at least: (1) 31 days during the current calendar year; and (2) 183 days during the current year and the two preceding years, counting all the days of physical presence in the current year but only 1/3 the number of days present in the first preceding year, and 1/6 the number of days present in the second preceding year.

DAYS OF PRESENCE IN THE U.S. TEST. Generally, a person is treated as physically present in the country at any time during the day. However, if a person regularly commutes to work in the U.S. from a residence in Canada or Mexico, or is in transit between two points outside the U.S. and is physically present in the country for less than 24 hours, he/she is not treated as present in the U.S. on any day during the transit or commute. In addition, the individual is not treated as present in the U.S. on any day during which he/she is unable to leave the U.S. because of a medical condition which arose while in the U.S.

EXEMPT INDIVIDUAL. For the substantial presence test, do not count days for which a person is an exempt individual. An exempt individual is anyone in the following categories:

- (1) An individual temporarily present in the U.S. because of (a) full-time diplomatic or consular status, (b) full-time employment with an international organization or (c) an immediate family member of a person described in (a) or (b).
- (2) A teacher or trainee temporarily present in the U.S. under a "J" visa (other than as a student) who substantially complies with the requirements of the visa. An individual will not be exempt under this category for a calendar year if he/she was exempt as a teacher or trainee or as a student for any two calendar years during the preceding six calendar years.
- (3) A student temporarily present in the U.S. under an "F" or "J" visa who substantially complies with the requirements of the visa. Generally, a person will not be exempt as a student for any calendar year after the fifth calendar year for which he/she was exempt as a student, teacher or trainee. However, the individual may continue to be exempt as a student beyond the fifth year if he/she is in compliance with the terms of the student visa and does not intend to permanently reside in the U.S.

CLOSER CONNECTION TO A FOREIGN COUNTRY. Even if an individual would otherwise meet the substantial presence test, that person is not treated as meeting the test for the current calendar year if he/she:

- (1) Is present in the U.S. on fewer than 183 days during the current year, and
- (2) Has a tax home in a foreign country and has a closer connection to that country than to the U.S.

SPECIAL RULES. It is possible to be both a nonresident alien and a resident alien during the same tax year. Usually this occurs for the year a person arrives in or departs from the U.S. Other special provisions apply to individuals who were U.S. residents for at least three years, cease to be U.S. residents, and then become U.S. residents again.

NONRESIDENT ALIEN INDIVIDUALS MARRIED TO U.S. CITIZENS OR RESIDENT ALIENS may choose to be treated as resident aliens for most income tax purposes. However, these individuals are considered **nonresidents** for purposes of withholding taxes.

A FOREIGN PERSON OR PARTNERSHIP is one that does not fit the definition of a domestic corporation or partnership. A domestic corporation or partnership is one that was created or organized in the U.S., or under the laws of the U.S., or of any U.S. state or territory.

GUAM AND U.S. VIRGIN ISLANDS CORPORATIONS. A corporation created or organized in or under the laws of Guam or the U.S. Virgin Islands is not considered a foreign corporation for the purpose of withholding tax for the tax year if:

- (1) at all times during the tax year, less than 25% in value of the corporation's stock is owned, directly or indirectly, by foreign persons, and
- (2) at least 20% of the corporation's gross income is derived from sources within Guam or at least 65% of the corporation's income is effectively connected with the conduct of a trade or business in the U.S. Virgin Islands or the U.S. for the 3-year period ending with the close of the preceding tax year of the corporation, or the period the corporation has been in existence, if less.

A NONRESIDENT ALIEN TRUSTEE, ADMINISTRATOR OR EXECUTOR of a trust or an estate is treated as a nonresident alien, even though all the beneficiaries of the trust or estate are citizens or residents of the U.S.

FEDERAL GUIDELINES

FOREIGN PERSONS DEFINED. The following general information is provided to assist sellers in determining whether they are "foreign persons" for purposes of the Foreign Investment in Real Property Tax Act (FIRPTA), IRC §1445. FIRPTA requires a buyer to withhold and send to the Internal Revenue Service 10% of the gross sales price of a United States (U.S.) real property interest if the seller is a foreign person. No withholding is required for a seller who is a U.S. person (that is, not a foreign person). In order for an individual to be a U.S. person, he/she must be either a U.S. citizen or a U.S. resident alien. The test must be applied separately to each seller in transactions involving more than one seller. Even if the seller is a foreign person, withholding will not be required in every circumstance.

NONRESIDENT ALIEN INDIVIDUAL. An individual whose residence is not within the U.S. and who is not a U.S. citizen is a nonresident alien. The term includes a nonresident alien fiduciary. An alien actually present in the U.S. who is not just staying temporarily (i.e., not a mere transient or sojourner), is a U.S. resident for income tax purposes. An alien is considered a U.S. resident and not subject to withholding under FIRPTA if the alien meets either the **green card test** or the **substantial presence test** for the calendar year.

GREEN CARD TEST. An alien is a U.S. resident if the individual was a lawful permanent resident of the U.S. at any time during the calendar year. This is known as the "green card test."

SUBSTANTIAL PRESENCE TEST. An alien is considered a U.S. resident if the individual meets the substantial presence test for the calendar year. Under this test, the individual must be physically present in the U.S. on at least: (1) 31 days during the current calendar year, and (2) 183 days during the current year and the two preceding years, counting all the days of physical presence in the current year but only 1/3 the number of days present in the first preceding year, and 1/6 the number of days present in the second preceding year.

DAYS OF PRESENCE IN THE U.S. TEST. Generally, a person is treated as physically present in the country at any time during the day. However, if a person regularly commutes to work in the U.S. from a residence in Canada or Mexico, or is in transit between two points outside the U.S. and is physically present in the country for less than 24 hours, he/she is not treated as present in the U.S. on any day during the transit or commute. In addition, the individual is not treated as present in the U.S. on any day during which he/she is unable to leave the U.S. because of a medical condition which arose while in the U.S.

EXEMPT INDIVIDUAL. For the substantial presence test, do not count days for which a person is an exempt individual. An exempt individual is anyone in the following categories:

- (1) An individual temporarily present in the U.S. because of (a) full-time diplomatic or consular status, (b) full-time employment with an international organization or (c) an immediate family member of a person described in (a) or (b).
- (2) A teacher or trainee temporarily present in the U.S. under a "J" visa (other than as a student) who substantially complies with the requirements of the visa. An individual will not be exempt under this category for a calendar year if he/she was exempt as a teacher or trainee or as a student for any two calendar years during the preceding six calendar years.
- (3) A student temporarily present in the U.S. under an "F" or "J" visa who substantially complies with the requirements of the visa. Generally, a person will not be exempt as a student for any calendar year after the fifth calendar year for which he/she was exempt as a student, teacher or trainee. However, the individual may continue to be exempt as a student beyond the fifth year if he/she is in compliance with the terms of the student visa and does not intend to permanently reside in the U.S.

CLOSER CONNECTION TO A FOREIGN COUNTRY. Even if an individual would otherwise meet the substantial presence test, that person is not treated as meeting the test for the current calendar year if he/she:

- (1) Is present in the U.S. on fewer than 183 days during the current year, and
- (2) Has a tax home in a foreign country and has a closer connection to that country than to the U.S.

SPECIAL RULES. It is possible to be both a nonresident alien and a resident alien during the same tax year. Usually this occurs for the year a person arrives in or departs from the U.S. Other special provisions apply to individuals who were U.S. residents for at least three years, cease to be U.S. residents, and then become U.S. residents again.

NONRESIDENT ALIEN INDIVIDUALS MARRIED TO U.S. CITIZENS OR RESIDENT ALIENS may choose to be treated as resident aliens for most income tax purposes. However, these individuals are considered **nonresidents** for purposes of withholding taxes.

A FOREIGN PERSON OR PARTNERSHIP is one that does not fit the definition of a domestic corporation or partnership. A domestic corporation or partnership is one that was created or organized in the U.S., or under the laws of the U.S., or of any U.S. state or territory.

GUAM AND U.S. VIRGIN ISLANDS CORPORATIONS. A corporation created or organized in or under the laws of Guam or the U.S. Virgin Islands is not considered a foreign corporation for the purpose of withholding tax for the tax year if:

- (1) at all times during the tax year, less than 25% in value of the corporation's stock is owned, directly or indirectly, by foreign persons, and
- (2) at least 20% of the corporation's gross income is derived from sources within Guam or at least 65% of the corporation's income is effectively connected with the conduct of a trade or business in the U.S. Virgin Islands or the U.S. for the 3-year period ending with the close of the preceding tax year of the corporation, or the period the corporation has been in existence, if less.

A NONRESIDENT ALIEN TRUSTEE, ADMINISTRATOR OR EXECUTOR of a trust or an estate is treated as a nonresident alien, even though all the beneficiaries of the trust or estate are citizens or residents of the U.S.

PROPERTY ADDRESS:

NOTE: This roof has been examined by a qualified inspector employed by Eastman Roofing and Waterproofing, Inc. The professional opinion of the inspector contained in this report is solely an opinion and does not constitute a warranty or guaranty of the statements contained herein and may be subject to dispute. This is a visual inspection of the roof, roof surface only and does not include inspection of the building structure such as attic spaces. Eastman Roofing and Waterproofing, Inc. is not responsible for comment on any hidden defects in the roof that may be present but not visible during our physical inspection of the roof surface. We rely on information from owners/tenants and other reports when available, i.e.: pest control report, property inspection, etc. It is the sole responsibility of the property owner, and their agents, to make Eastman Roofing and Waterproofing, Inc. aware of any such information and reports when available which would aid Eastman Roofing and Waterproofing, Inc. in the evaluation of existing roof conditions. If any repairs for "leaks" are recommended, it is our intent to first put the roof system back in working order and second, to somewhat blend repairs in with the rest of the roof. There are no uniform standards for repairs, only what is considered an acceptable trade practice or rule of thumb. A "leak" (Section I) is defined as: The roof system is open and can allow water intrusion and must be repaired to insure leak-free service. Optional and Additional (Section II) items are preventative maintenance items. It is not necessarily our intent to put the roof in code-complying condition or to meet manufacturer's specifications, unless a new roof is recommended. Eastman Roofing and Waterproofing, Inc. is a roofing contractor and is not licensed to inspect or certify your building as being free of pests or dry rot. Hence, we cannot under law warrant dry rot repair. This report does not include any estimate for repair on damage that a termite and/or masonry contractor may have caused after this inspection. This inspection report is valid for 90 days from the above date.

INFORMATION ITEMS:

1. There appears to be a concrete tile roof on this structure.

SECTION I ITEMS NOTED AS DESCRIBED BELOW:

2. About 1 broken tile. Replace and/or flash and apply elastomerics as needed. NOTE: The color and style of replaced tiles may not match.
3. Debris on roof, in valleys. Remove debris from blocking valleys, blow debris from roof as needed to prevent water from backing up into structure, leave debris at job site. NOTE: Removal of debris may result in some debris sifting into the attic or house through openings such as skylights, vents, etc. Owner is responsible for taking any necessary precautions prior to debris removal, including notifying neighbor(s) if appropriate. If desired, Eastman Roofing & Waterproofing, Inc. will clean yard of resultant debris and remove from premises at an additional charge. Owner to keep roof free of debris in the future.
4. Flash band open at hip and ridge intersection. Apply elastomerics and or flash as needed.

NOTE: All Section I work must be completed before we can say, in our opinion, this roof appears to be watertight at this time.

WARRANTY

This warranty will be void if payment for these services is not received upon completion of repairs (for homeowners) or upon close of escrow or within 30 days of completion of stated procedures in required repairs/replacement above (real estate transactions), whichever occurs first. Contractor warrants the items in this roof repair against defects in workmanship for a period of one year from the date of completion of the work covered by the agreement at the Contractor's own expense and at no cost to owner except as follows: 1. Any attached or detached structures that are not considered part of the living area of the main house such as: patio covers, glass roof additions, walkable decks, raised patio decks, detached garages, sheds, gazebos, cottages, etc, unless otherwise stated in the report. 2. Any hidden defects which may be present, but are not visible, during our inspection of the roof surface. 3. Areas concealed by solar units, patio covers, AC, or duct-work. 4. Other items such as skylights, gutters, downspouts, sidewalls, stone chimneys, internal drain assemblies, etc. 5. Any damage or leaks occurring due to accumulated debris on the roof, wind, storm or animal damage. Debris removal is a part of normal roof maintenance and is the responsibility of the homeowner. 6. Steep-pitched roofs: Contractor does not warrant or guarantee any items or repairs on sections of roof with less than 4/12 pitch. If a leak occurs on a section of roof less than 4/12 pitch during the above warranty period, Contractor will re-inspect said sections of roof, one time only, and, if in Contractor's sole judgment and opinion a minor repair is possible, Contractor will make said repair at no cost to the owner. Low Slope (Built-Up) Roofs Only: Eastman Roofing and Waterproofing, Inc. is not responsible for removal of standing water before or after roof work has been completed, unless otherwise stated, or for any structural work to any roof to correct any standing water
